EXPERIENCE

DRUPAL DEVELOPER

ERICKSON LIVING | MAY 2020 - PRESENT

As a Drupal Developer at Erickson Living, I am responsible for updating and maintaining the company websites and landing pages ensuring proper best practices, consistency and quality. Duties include:

- Updating current website per requests from the marketing department
- Building Wordpress landing pages
- Implementing code changes to improve site functionality and appearance

WEB DEVELOPER

VMLY&R | DECEMBER 2019 - APRIL 2020

As a web developer at VMLY&R, I worked on the United Rentals technology team to build and launch the United Rentals e-commerce website. Duties included:

- Building custom features
- Integrating Vue.js components with the Drupal infrastructure
- Writing custom PHP for Drupal page templates and preprocessing
- Styling pages to meticulously match responsive designs

IT ASSISTANT PROGRAMMER

UNIVERSITY OF KANSAS | JULY 2018 - DECEMBER 2019

As a web developer at the University of Kansas, I designed and built custom web applications to satisfy a diverse set of needs across the University and departments. Duties included:

- Designing and building websites
- Debugging and maintaining custom applications
- Building modules and features to be used across campus
- Providing support and training to staff and faculty
- Working in a team environment

WEB DEVELOPER

LIFTED LOGIC | MAY 2018 - JULY 2018

As a web developer at Lifted Logic, I built custom websites from scratch closely following design guidelines from the design team.

- Building large custom Wordpress sites
- Writing custom PHP and JavaScript code
- Database integration
- Version control using Git
- Using Gulp/Sass

FREELANCE WEB DEVELOPER

SEPTEMBER 2016 - PRESENT

As a freelance web developer, I build custom Wordpress sites for a variety of clients. Specialties included front-end development and back-end PHP integration along with customized Wordpress themes and installs. Duties include:

- Developing custom Wordpress theme templates
- Working in a local development environment
- Utilizing Git version control
- Writing custom PHP and JavaScript
- Working with Sass and Gulp

EDUCATION

ASSOCIATES OF APPLIED SCIENCE, WEB DEVELOPMENT AND DIGITAL MEDIA

JOHNSON COUNTY COMMUNITY COLLEGE | 2016 - 2018

GPA: 4.0
